Minutes from January Meeting

The January minutes were reviewed and approved as printed. Discussion followed as to how the notes should be posted or distributed to the staff/community.

- Notes will be emailed to staff in text and Word® document (pending approval)
- After approval, will be posted to Four Seasons website
- Topics to shelve for further discussion: style, how to get info out, agenda minutes

Delay of Site Council Parent Survey until March

The QSR survey is being sent out, which will delay the Site Council survey. Items of discussion are as follows:

- Survey translated and moved to March 16 – online version?
- Quick return surveys vs. delayed return surveys – can offer insight
- Dedicated space for surveys on Arts Night
- Family labels? Database?
- Survey Committee is to plan a procedure for distribution

Principal's Report

Howard submitted the Principal's Report to read and review. A brief review and discussion about the School Climate survey results followed, involving analyzed data.

Update on P.E. Teacher discussion

Howard reviewed the options following last month's meetings. The money must be used for new initiatives. Howard did extensive review of the budget and FTE positions, and is in communication with Human Resources about possible solutions. Other ideas following group discussion:

- Find a partner for P.E. support in the teaming model (ex. Linwood Rec. Center)
- Use the arts to meet P.E. standards (visiting artists, other options?)

Other Committee Business

Thanks to Barb for January minutes.

February minutes were taken by Darrell.

Snacks provided by Rae and Roman.

A motion was made and seconded for adjournment at 6:07 p.m.

Respectfully submitted by Darrell Baggenstoss.
